

WHAT CAN WD-40® DO FOR ALL MAINTENANCE, REPAIR, AND OPERATIONS JOBS?

For over 70 years, WD-40® Brand products have been trusted by professionals across the automotive industry. Whether you're servicing engines, maintaining equipment, or managing shop tools, WD-40® extensive line of products is built to tackle the toughest jobs.

Every can is designed for precision, efficiency, and safety — reducing downtime, minimizing risk, and maximizing performance across your operations, helping you get the job done right — faster and smarter.

WD-40® MULTI-USE PRODUCT

The original go-to maintenance product trusted by automotive professionals worldwide. Delivers 5 core functions in 1 - lubricates, protects, penetrates, displaces moisture, and cleans.

AVAILABLE IN
VARIED SIZES
FOR DIFFERENT
APPLICATIONS

100ml, 300ml, 382ml, 412ml, 4L, 20L, 208L, WD-40 Smart Straw®, WD-40 EZ-Reach™

PROTECTS

REMOVES

LUBRICATES

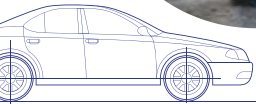

DISPLACES
MOISTURE

LOOSENS
RUST

FEATURES & BENEFITS:

1. Versatile and time-saving – one product for many automotive tasks
2. Trusted rust prevention and corrosion protection for metal parts
3. Displaces moisture from spark plug boots, battery terminals, and connectors
4. Lubricates squeaky car doors, suspension joints, latches, and moving parts
5. Cleans grease, oil, and adhesives from tools and surfaces

WD-40 SPECIALIST. CONTACT CLEANER

A non-conductive formula that blasts away oil, dirt, flux residue, and moisture from vehicle sensors, wiring, and electronic connectors with pinpoint accuracy, making it a top choice among automotive professionals.

Vehicle sensors and connectors, controls, precision instruments, electric panels, electric motors, ignition systems, battery terminals, machine circuit boards.

FEATURES & BENEFITS:

1. Non-conductive, quick-drying and leaves no residue
2. Cleans ignition coils, relays, and wiring terminals
3. Safe for metal, plastic, rubber – common in car interiors and engine compartments
4. Dielectric strength up to 35,000 volts
5. ROHS compliant

WD-40 SPECIALIST. DEGREASER

Industrial-strength formula that quickly removes tough grease, oil, dirt, and grime without leaving any residue, ensuring your machinery, engines, and equipment run smoother and last longer.

Automotive and truck engines, tire rims, gears and chains, engine bays, tools, machinery, power equipment, other metal tools.

FEATURES & BENEFITS:

1. Works instantly on contact – no scrubbing required
2. Easy to rinse, leaves no residue
3. Cleans equipment to make it run more smoothly and last longer
4. Safe on engine surfaces, plastic covers, rubber hoses, and metal parts
5. ROHS Compliance

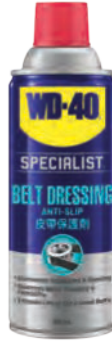

WD-40 SPECIALIST. BRAKE & PARTS CLEANER

A non-corrosive formula that quickly and safely removes brake fluid, grease, oil, and other contaminants from brake linings, pads, and drums.

Brake discs, calipers, drums, pads, linings, clutch components on manual transmission vehicles.

WD-40 SPECIALIST. BELT DRESSING

An anti-slip formula that penetrates the cord fibers of V belts to restore pliability and flexibility, and helps to eliminate squeaking and slipping. It also delivers better grip and traction for all types of belts.

V belt, flat belt, cogged belt, belts on power steering, A/C compressors, and alternators.

FEATURES & BENEFITS:

1. Non-staining, quick-drying, and leaves no residue
2. Removes oil, grease, dirt and brake fluid
3. Stops disc brake squeal and eliminates clutch slippage
4. Cleans without disassembling the unit
5. Safe to use on brake linings, pads and drums

FEATURES & BENEFITS:

1. Eliminates slipping and squealing in seconds
2. Extends lifespan of belts under the hood
3. Penetrates and conditions internal cord fibers
4. Safe on all belt types

WD-40 SPECIALIST. SILICONE

A non-staining, water-resistant formula that provides superior lubrication without attracting dirt – designed to keep automotive parts performing at their best.

Seals, windows, doors, tracks, nuts, bolts, pins, screws, bushings, cables, pulleys, sliding mechanisms, valves, linkages, hinges, locks.

WD-40 SPECIALIST. STICKER REMOVER

A powerful formula that penetrates and loosens adhesive, allowing for easy removal of even the most stubborn stickers without leaving residue behind.

Stickers, labels, detailing dashboards, windows, or plastic trims.

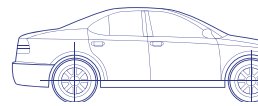

FEATURES & BENEFITS:

1. Withstands temperatures of -73 °C to +260 °C
2. Quick-drying with no stickiness or messy residue
3. Prevents parts from sticking, waterproofs and protects against moisture
4. Safe on rubber seals, metal joints, and plastic interiors
5. ROHS Compliance

FEATURES & BENEFITS:

1. Quick and easy application
2. Removes service labels and inspection stickers from windshields
3. Cleans residue from bumpers and painted panels
4. Detailing dashboards, windows, or plastic trims
5. Environmentally friendly and safe on most automotive surfaces
6. Safe for multiple types of surfaces
